

JIN WEI

Front End Developer

@ nameless20001027@gmail.com 88 Ferry Street, Jordan, Hong Kong

SUMMARY

I am a professional front-end developer with 5+ years of experience developing responsive and user-friendly web applications. I am proficient in HTML5 and Tailwind CSS, and can build interactive interfaces that fit Figma designs, leveraging popular libraries and frameworks like React, Next, and Vue with UI/UX designer. I also have knowledge of DevOps workflows, allowing me to troubleshoot web issues.

EXPERIENCE

- 12/2024 - 05/2025

Full Stack Developer

CoverHunt

It's a platform that offers a collection of free, high-quality cover photos and backgrounds for various uses—like presentations, social media posts, blogs, or websites

- As a full stack developer, I developed a project that significantly increased user engagement and improved overall website performance.
 - I contributed to the enhancement of security protocols, ensuring compliance with industry standards and safeguarding sensitive data.
- 04/2022 - 06/2024

Front End Developer

Kelhel

I developed a front-end project that significantly increased user engagement and improved overall website performance.

And I used React Native Expo to build not only the web but also the mobile front-end

VOLUNTEERING

Full-Stack Project Contributor

Open Source for Good (Remote Project)

03/2021 - 10/2021

As a front-end developer, built several pages, including the dashboard and home page, using React.js and Tailwind CSS. Worked with a UI/UX designer to implement a mobile-friendly layout.
