

JIN WEI

Front End Developer

@ nameless20001027@gmail.com 88 Ferry Street, Jordan, Hong Kong

SUMMARY

I'm a front-end developer with over 5 years of experience creating responsive and user-friendly web and mobile applications. I'm confident working with HTML5 and Tailwind CSS, and I enjoy turning Figma designs into smooth, functional interfaces. I regularly collaborate with UI/UX designers and use frameworks like React, Next.js, and Vue for web development. I also work with React Native and Expo to build cross-platform mobile apps. On top of that, I have some experience with DevOps workflows, which helps me troubleshoot and keep things running smoothly.
